8) Notice Required

[illegible] is necessary to make the [illegible]. This does not appear to have been given specifically for the purpose under S. 51(2), a draft of the Rules together with a notice specifying a date on or after which the draft will be taken into consideration in the draft notification published in the Gazette. No date has been specified. This does not appear to be complying with the provisions of the S. 51(2). It is necessary strictly to comply with the provisions of the Act in this respect

There is no indication that all the objections which have been received, have been considered by the municipal council. The objections received are filed in file No 2231/CD (9526 59590). All objections do not appear to have ~~sec~~ been considered by the administrator. He certainly also thinks he has to be done

As regards draft bye-laws themselves the following points appear to require consideration

9) They ~~have had~~ appear to be based entirely on the bye-laws relating to ostriches contained in the Mossel Bay Municipal Rules and Bye-laws " ~~published~~ compiled by the Mossel Bay Municipality. They appear to be defective ~~in that~~ as there is no provision in the bye-laws for the form of licence, but the conditions and also the form of application for licence similar to those found in respect of ostrich breeders of Oudtshoorn Municipality

10) The position of the bye-laws regarding keeping of ostriches as pets, I am (sorry) seem included in the draft Rules

and published as a different notification

(1) Under S 51(2), every municipal Council shall before making any byelaw "publish in such manner as shall in its opinion be sufficient"

There is no indication that any opinion has been expressed by the municipality regarding manner of publication.

(2) Octroi Rules

The ~~[illegible]~~ Rules appears to have been published along with other taxes in a single notification that does not appear to be legally in order. The provisions of S 69 read with S 67 and in particular the procedure preliminary to imposing octroi laid down in S 65 have to be complied with. The administrative Dept has to satisfy itself after scrutiny, the wording of the draft rules and the compliance with that period for publication. The Resolution to be passed

No bye-laws as contemplated by clause (K) of section 51 ( ) have been made by the Bellary Municipal Council. This has to be done.

16) As regards the rules submitted for sanction, it may be noticed that most of the rules have nothing to do with the levy of octroi. Rule 1 and Appendix A have no application to octroi. Rule 2 has to be modified and cannot be a general provision, octroi will have to be collected by municipal officers and not by any other Agency. Section 81(2) has no application to levy of octroi and hence rule 3 requires reexamination. Rule 4 itself provides that it has no application to octroi and cannot therefore form part of octroi Rules. ~~Rules 5 and 6 have obviously no application to octroi~~ Rules 7, 8, 9, 10, 11, 12, 13, 16 & 17 have no application to octroi. It is therefore legally necessary to make separate rules for purposes of clause (h) of section 49 for the levy of octroi.

Serial No. 23) The letter of the Special Officer is for perusal. He has stated that the bye laws relating to octroi have been ~~passed~~ adopted after observing the prescribed formalities and that they are also in accordance with the provisions of law and that no action is necessary on the part of the Council.

He has strongly recommended that the bye laws adopted by the M/ Council Bellary may be approved as the financial position of the M/ is very precarious.

24) In this connection it may be noted that the octroi bye laws adopted by the M/ Cl Bellary are solely based on the sanctioned bye laws of Davangere and that they may be approved as similar bye laws are in force. Besides, the Special Officer is repeatedly sending telegraphic reminders for early sanction of Govt as the M/ Council is losing a huge sum out of this source.

25) The draft bye laws relating to octroi and Schedule attached as per Section 64(IV) of the C M Act 1933 may be sanctioned as delay in this behalf is resulting ~~with~~ in loss to the Bellary Municipality.

27) Section 51(2) of the Act lays down that a draft of the proposed bye-laws, together with a notice specifying a date on or after which the draft will be taken into consideration shall be published. This is not done, though the Municipal Commr was asked to observe the requirements of sub-sections (2) + (3) of this section. Merely fixing a ~~date~~ period of one month from the date of issue of notice of its publication is not in accordance with the provisions of the Act. The notice appears to be defective to this extent (the special officer has only sent the records containing bye laws & rules published already in December, 1955)

28) As regards the rates of octroi, it is perhaps necessary to ~~get the~~ have the formalities observed as provided in section 65 of the octroi Act before sanction is accorded. According to section 65(b) the Municipal Council shall publish the rules prepared with a notice in the form of schedule ~~VIII~~ VII of the Act. This is not done & no rules have been framed and sanction cannot perhaps be accorded before it is done as

30) As instructed a Comparative Statement showing the procedure to be followed as required under Section 65 of the CM Act & the procedure so far followed by the Bellary Mt Council in regard to the imposition of taxes as placed below

31) It is revealed from the statement that the prescribed formalities have been observed in accordance with laws

As already stated, the Octroi bye-laws and rules are entirely based on the sanctioned Octroi bye-laws and rules of the Bijapur and Davangere City Mlts which are in force. Any further observations in this matter means

36) Kind reference is invited to the provisions of sections 64 to 67 of the Mysore City Municipalities Act, 1933. That octroi is a tax specified in section 64 is clear. According to section 65,

Serial No

a municipal council before imposing a tax should by resolution select one or other of the taxes specified in section 64 and prepare rules for the purposes of clause (h) of section 49, prescribing the tax selected and in such resolution and in such rules specify the classes of property which the municipal council proposes to make liable and any exemptions which it proposes to make and the amount or rate at which the municipal council proposes to assess each such class It may be noticed that section 49 (h) contemplates the making of rules for the levy of any taxes for municipal purposes

37) If no rules have been made for levy of octroi, the procedure laid down for publication of the rules in clause (b) of section 65 has not been followed Unless rules are made and published as required by section 65, the Govt cannot sanction the levy as section 66 also contemplates sanction of the rules by the Govt It may also be noticed that under section 67, the sanctioned rules have to be published and the tax prescribed by the rules ~~[illegible]~~ can be imposed after the period specified

Sir,

Sub - Taxation - Draft Rules & Byelaws Framed under Sub-section (h) of Section 49 & Section 51 of the Mysore City Municipalities Act 1933 - Imposition of Taxes under Section 64 (b) as per Schedule I to V - Approval of Government under Section 66 - Sanction sought for

***

I write to submit that the Madras District Municipalities Act of 1920, was replaced by the Mysore City Municipalities Act of 1933, as per Government Notification with effect from 24-10-1955 The term of the Municipal Council, elected under the Madras District Municipalities Act having ceased to operate from 1-11-55, the Government of Mysore appointed a Special Officer from 1-11-55 under Sub-sections (2) & (3) of Section 15 of the Mysore City Municipalities Act Consequent on the introduction of this Act and appointment of the Special Officer to perform the duties of the Council and its President, Draft rules and Byelaws were prepared by the council for imposition of taxes prescribed under Section 64 (b) and Sub-section (h) of Section 49 & Section 51 of the Act These draft rules were sanctioned by the Council in Resolution No 52 dated 9-12-55 after observing the formalities prescribed in Section 65 (a) and got published with a notice in the prescribed form viz Schedule VII, in the Mysore Gazette dated 15-12-55, 22-12-55

[illegible]

[illegible]

...i 29-12-55 as required in Sub-section (b) of Section 65 of the Act The Draft publication in the Mysore Gazette was also made known to the Public by beat of Tom-Tom 14 Objections and Suggestions were received in ~~viting~~ writing from the Public and each objection and suggestion was considered at the meeting held on 31-1-56 Modifications on such objections and suggestions wherever found necessary were made as detailed in the Resolution The Council has ~~xxxx~~ abandoned the levy of Special Sanitary Cess proposed in the Draft Rules, after due consideration but retained the levy of Education Tax and Drainage Tax on account of the recurring charges incurred by the Municipality for the Maintanance of Elementary School and drainage establishment etc , Though previous approval of the Government is necessary for levy of these 'Other Taxes' under item (xiv) of Sub-section (b) of Section 64 of the Mysore City Municipalities Act, the levy is inevitable for the reasons detailed above in anticipation of Government's approval If the Government do not approve such levy of these two taxes in anticipation, the levy will however be continued under Proviso to Section 7 (1) of the Mysore Laws Extension to Bellary Adaptation Act XIV of 1955, till such time the Government sanction the levy

2) In the case of levy of duty on Octroi, the list of articles sanctioned in Davanagere and Mysore City Municipalities was adopted as the basis and included in draft rules But the Government in their letter No 12912/Cm-14-55-7 dated 55-56, addressed ~~to~~ the Commissioner, Mysore City Municipality, copied to the Special Officer, Bellary, ordered that the

addition of items not already found in the Schedule to the Act, required approval of the Government, before Octroi is levied on them Hence, while considering the objections the articles other than those mentioned in Classes I to VII of Schedule II have been deleted from the levy and resolved to address the Government to accord necessary sanction to the levy of Octroi tax on such articles, after observing the formalities prescribed under Section 65 (b) of the Act

3) A copy of the Council's Resolution No 1 dated 31-1-56 and the original objections and suggestions received from the Public together with the notice and rules, are submitted to Government as required under Section 65 (c) of the Act

4) I therefore, request that the Government may kindly be pleased to sanction the draft rules and byelaws as finally approved by this Council in its Resolution No 1 dated 31-1-56 without any modification as required under Section 66, so as to enable this Council to publish final notification and to give effect to the levy from 1-4-56 under Section 67 of the Act

Read Draft rules & Byelaws framed for imposition of taxes, Octroi, etc., under Section 49 & 51 of the Mysore City Municipality & inviting objections under section 65(b) of the Act

Also objections and suggestions received from the Public for consideration as required under 65(c) of the Act and Office note thereon

---

Consequent on the Introduction of the Mysore City Municipalities Act, 1933 to Bellary City with effect from 24-10-1955 and consequent on the appointment of the Revenue Sub-divisional Officer of Bellary as the Special Officer to perform the duties & functions etc of the Council and its President from 1-11-1955 for one year, the Municipal Council had to follow the procedure prescribed under Section 65 of the Act for levying the taxes under Section 64(b) of the Act for purposes of levying them in Bellary Municipality from 1-4-1956. For this purpose of imposing the taxes, the Council prepared draft rules and Byelaws under clause(h) to Section 49, and Section 51 and as per Schedule I to VII. The Council published the said rules so prepared with a notice in the form of Schedule VII as required under (b) of Section 65 in the Mysore Gazette dated 15-12-55, 22-12-55 and 29-12-55 calling for objections and suggestions if any from any inhabitant of the Municipality objecting to the imposition of the said taxes etc , Four hundred and odd in writing have been received. The Municipal Council has taken the objections into consideration as required under Sub-section(c) of Section 65. All the points raised in the objections are dealt with individually as stated below:-

1 The objection that the introduction of octroi is illegal, undemocratic and hasty in the absence of elected Municipal Council is neither illegal nor undemocratic nor hasty. The Sub-Divisional Officer of Bellary Sub-division has been entrusted by the Government to perform and discharge the functions of the Municipal Council and its President from 1-11-1955 for one year.

2. The objection that the tax on vacant sites is high is not so, as the income on vacant sites on the basis of octroi under the Madras Act was Rs 23,200 as compared with the tax on vacant sites at 0-8-0 per 100 Square yards under the Mysore Act which will result in a loss of Rs 11000 a year. The tax on vacant sites is much less than the existing rates.

3. The objection that the licence fee for the [illegible] is high is conceded by reducing the proposed rate of 1/- [illegible] existing rate per cycle per year.

4 The suggestion [illegible] Arasti[illegible] profession tax so as to give exe[illegible] income is estimated to be l[illegible] of profession tax on those [illegible] to be more than 300 Rupees, [illegible] following reasons Under th[illegible] Tax to persons whose income p[illegible] been given. The exemption asked [illegible] Rs 75/- is unreasonable The ra[illegible] at the rates provided in the Sc[illegible] The objection that the Vakils annot[illegible] Rs 12/- a year, is also not reasonab[illegible] V makes compulsory not to pla[illegible] the [illegible]ils [illegible]

5 The objection that the prope[illegible] at Market value is not in order, as the basis in Schedule I is on the annual letting value [illegible]

[illegible]

6. The ~~objection~~ suggestion that the houses having a rental value of less than Rs 6/- per annum may be exempted from Property tax cannot be complied with, as there is no such provision in the Mysore Act.

7. The objection that fresh and new taxes like Octroi, Toll, & Special Sanitary Cess, General Sanitary Cess have been introduced is not in order for the following reasons. The General Sanitary Cess is the same as the Scavenging tax levied under the Madras Act. There is only a change in nomenclature The rates are similar. Under the Madras Act, the Toll tax that was levied had been replaced by the Madras Motor Vehicles Taxation Act and the loss to the Municipalities was made good by the Madras Government that an annual Toll compensation amount of Rs 15,000/- to this Municipality. As the Mysore Government is not giving such Toll compensation amount to any of the Minor, Town or City Municipalities in Mysore State, and as all the Municipalities in Mysore State have levied the Toll tax, and Bellary Municipality cannot be an exemption in this regard and as the slender financial position of the Municipality does not warrant the giving up of a sum of Rs 15,000 a year, the Toll Tax has been selected to be introduced from 1-4-1956. Hence the justification for the introduction of the Toll Tax which is not a new one. As the General Sanitary Cess otherwise called Scavanging Tax under the Madras Act is sought to be continued, the introduction of the Special Sanitary Cess is dropped for the present as objected to, and as some relief under existing taxes should be given which Octroi, a fresh tax is being introduced Octroi is the only new tax proposed to be levied from 1-4-1956 The necessity to levy Octroi will be dealt with later

8. The objection that there has been an alteration in the existing rates of taxes hold good only in two cases viz Property tax, which is reduced from 10% to 6% maximum, and lighting tax which is raised from 1% to 2% The reduction in the Property tax is necessary as the maximum rate is six per centum on the annual letting value per year on buildings as per (ii) A of Schedule I of the Act. The rate of Lighting Tax which has been increased from 1% to 2% is reasonable with reference to expenditure of having provided the street lights and of providing 50 additional street lights The income from lighting tax at 2% which is one third of the rate leviable under Property Tax amounts to Rs 35000 a year which sum the Municipality is spending on Electric Street lights. The increase in the rate has been made with a view to provide electric street lights on no profit no loss basis. In all other cases, the existing rates of taxations have been retained

9. The objection that in other towns of the Mysore State, is no Education Tax levied and the levy of this tax is excess, reasonable because the Municipalities in the rest of Mysore State run the Educational institutions. The Council is running 19 Elementary schools at an annual expenditure of Rs 50,000/- and the income from Education Tax at 2½% proposed will be just Rs 50,000 and hence the levy of this tax is not in excess. This tax will not be levied on the payers soon after the Government take over the management of Elementary Schools from the Municipality.

10. The objection that the Drainage tax is also in excess is reasonable because the Municipality which had taken a loan for the construction of the drains is still due a Lakh of rupees to the Government which it must repay in Annual instalments of Rs 10,000 a year and the service of 152 drain coolies at an estimated expenditure of Rs 24,000 is the justification for the continuance of the drainage tax The income of Rs 35,000 at 2½% Drainage Tax is just sufficient to meet the expenditure

11 The suggestions that asses, bulls, bullocks and horses be exempted from A & V tax and also that the A & V taxes proposed may be duly revised, so that the very poor are exempted from taxation which may be asked to pay more, cannot be complied with for the reason that under the Madras Act no such exemption on asses etc , had been given and the maximum rates of taxation under Schedule III have been exceeded. Revision of taxes to rates higher than the maximum rates of taxation would be illegal And the income from A & V taxes at maximum rates of Vehicle Tax would fall short [illegible] Rs [illegible]/- as compared with the

12. The suggestion that the introduction of taxes under Mysore Act may be postponed in view of impending Reorganisation of States ~~xxxxxx~~ and that such introduction is likely to strengthen the agitation & discontentment among the public is mainly political in nature. The existing taxation under Madras Act cannot be continued beyond 31-3-1956, as such continuance would be illegal. This means that it becomes imperative to levy the taxes under Mysore Act from 1-4-56. Failure to levy & to collect taxes from 1-4-56 results in the financial breakdown of the Municipal administration. Hence the justification for the introduction of the fresh taxes proposed

13. The objection that the levy of Octroi affects trade and ~~with~~ the poor people is baseless as the trade in Bellary City has not been affected after the levy of Sales Tax and as the levy of Octroi has not affected the trade in Davanagere or in any other Municipality in Mysore State. The fact that the levy of Octroi leads to transfer of trade to Markets in Andhra State, especially to Adoni is far fetched. The criticism that the rates of Octroi proposed are higher than the Sales Tax may be correct only in some items and hence wherever the rate of Octroi proposed is four pies per rupee, is reduced to three pies per rupee advolorem to be on par with the rates of ~~xxxxx~~ Sales Tax and to be on par with the rates of Octroi in Davanagere Municipality. The defects of typographical nature pointed out have been rectified. The necessity for the introduction of Octroi becomes clear, when the losses of Rs 75,000/- under Property Tax by reduction of rates from 10% to 6% maximum, of Rs 10,000 on vacant sites, the loss by abandonment of Special Sanitary Cess completely of Rs 2,000 from A & V taxes, of Rs 40,000 on Government Buildings as a result of Statutory exemption from imposition of taxes and of Rs 50,000/- from Entertainment Tax when the Mysore Entertainment Tax Act will be introduced and Rs 12,000 from Surcharge on Stamp Duty when Mysore Stamp Act will or has been introduced, are borne in mind The need to make good the high loss of nearly 2 Lakhs and the need to balance the Budget are the justifications for the introduction of the Octroi. The non-levy of Octroi will greatly cripple the finances of the Municipality necessitating the curtailment of the amenities which will be resented to by the Public Hence the levy of Octroi is neither unjust, irrelevent, unfortunate, ridiculous, repugnant nor oppressive The Suggestion to put off or drop the levy of Octroi cannot be acted upon for the reasons stated above Only the articles being Serial Numbers 1 3, 4, 5, 6, 7, 8, 9(a), 10, 14, 15,16,17,26,30,34,67 & 73(a) in the draft Octroi Byelaws published under Schedule II in Mysore Gazette dated 15th December 1955 are retained and the articles bearing serial numbers other than those noted above in the said publication are dropped for the present ~~xxx~~ and the Government is requested to convey their approval for the addition of the items of articles now dropped to be included in the Octroi Schedule and for the Levy of Octroi on the articles

14. The objection that the rate of taxation is kept at 24½% when the maximum in other similar cases is understood to be 18 or 12% is based on lack of proper understanding of the Special problems viz Education, Drainage etc., which this Municipality has been handling and the real financial position of the Municipality If the suggestion to reduce the rates of taxation from 24½% to even 18% is accepted, the Municipality stands to loose more than Three Lakhs of Rupees which is 40% of the Total income of the Municipality, as seen from the accounts of the last four years. The suggestion to reduce the rates of taxation to 18% or 12% is simply unthinkable. The people of Bellary were paying 22½% as taxes as recently as 1952. So the suggestion to reduce the taxes to 18% or 12% is therefore out of question. But it would not be proper to continue the existing rates of Taxation at 24½% when a new tax like Octroi is proposed to be levied. So, some reduction in the percentage of taxes is called for. The existing rates of taxations are therefore reduced to 21½% by abandonment of the Special Sanitary Cess at 3% Even this rate of 21½% is less than 22½% which existed in 1952. No further reduction in taxation is possible for the present because the normal income of Rs 8 Lakhs anticipated from Octroi & 21½% of taxation will be favourbly offsetted by the expenditure of 8 Lakhs a year as seen from the actuals of last four years

The Council which has taken all the fourteen objections received into consideration decides to abondon only one tax viz. the Special Sanitary Cess at 3%, and it decides to levy all the other taxes notified with the slight modifications as mentioned above. It submits all the objections received with the notice and the draft rules published to the Government, with a request to accord sanction to the said revised rules without modification under Section 66 of the Act.

In initiating reference to your letter no R-C C-1/2277/55-D 22 56 forwarding draft Rules and Byelaws framed under sub section (2) of Section 49 and Section 51 of the Mysore CM Act 1933 I am directed to observe in respect of draft Rules and Byelaws relating to Octroi as follows ——

2) According to Section 87 of the Mysore CM Act 1933, every Mn Commr when submitting for sanction a proposal for the imposition of octroi, shall submit therewith for sanction a draft of byelaws for the purpose of Clause (K) of

Sub-section (1) of Section 51, after observing the requirements of sub-sections (2) and (3) of that Section

3) No byelaws as contemplated by Clause (K) of Section 51(1) have been made by the Bellary M.C. This has to be done

4) As regards the rules recently for sanction it is noticed that most of the rules have nothing to do with the levy of octroi. Rule 1 and Appendix A have no application to Octroi. Rule 2 has to be modified and cannot be a general provision. Octroi will have to be collected by municipal officers and not by any other agency. Section 81(2) has no application to levy of octroi and hence rule 3 requires re-examination. Rule 4 clearly provides that it has no application to Octroi and cannot therefore form part of Octroi Rules. Rules 7, 8, 9, 10, 11, 12, 13, 16 & 17 have no application to Octroi

With reference to your letter No L 338-CM-126-55-84 dated Bangalore 6-4-1956 directing me to observe in respect of Draft rules and Byelaws relating to Octroi, the requirements of Sub-section 2 and 3 of Section 51 of the Mysore City Municipalities Act, I write to state that the Bellary City Municipal Council, when submitting for sanction a proposal for the imposition of Octroi, had submitted therewith for sanction the Draft Byelaws for the purposes of clause K of Sub-section(1) of Section 51 after observing the requirements of Sub-sections 2 and 3 of that section

It is seen from the letter under reference that you have referred to the Draft rules relating to the taxation rules of the Property tax published in the 15th December Gazett and not to Draft Byelaws relating to Octroi, published in the Mysore Gazette dated 22nd December 1955 in pages 1, 2 and 3(f ged) Rules mentioned in the third para of the letter under reply relate to imposition of taxes on buildings etc , and to Octroi

Section 51(i)(k) of the Mysore City Municipalities Act 1933 contemplates the procedure relating to refunds where animals or goods are retained in Bonded warehouses and again allowed to proceed Since it has been decided not to have such Bonded warehouses in Bellary, Byelaws governing such refund have been found unnecessary and hence not drafted I am resubmitting the entire file to you as no further action is necessary on the part of the Council as all the points raised in your letter have already been observed in full

P t o

I, therefore, request you kindly to sanction the Octroi Draft rules and Byelaws and return them very early, as the financial position of the Municipality is rather precarious

Yours faithfully,

I write to invite your kind attention to this Office letter under reference and to request the favour of very early approval

The City Municipal Council was levying all taxes according to the Madras District Municipalities Act This procedure has been now discontinued and levy of some of the taxes such as Taxes on village carts, Bus stand fees, & Tax on Govt buildings, drainage tax etc , have been abolished as the same cannot be levied after the advent of the Mysore Act Further, reduction of property Tax to 6% on the Annual Rental Value from 10% hitherto levied under Madras Act has resulted in further loss All this has resulted in the financial loss of about nearly Rs 2 Lakhs to the Municipality To overcome this difficulty proposals were submitted several months ago for levy of Octroi from 1-4-1956 so as to compensate the loss But, this could not be given effect to, for want of Government sanction If levy of Octroi is further delayed, I am afraid this will affect the day to day administration of the Municipality with its meagre revenue on account of revised reduced rate of taxes and the Municipal administration in Bellary will collapse shortly

I therefore request, in the interest of this Municipality and its administration early orders of Government approving the Bye-laws relating to Octroi and the

Government sanction for levy of Octroi on certain articles as requested in this office reference No 2277/55 dated 2-2-1956 may also be obtained and communicated without further loss of time

---

With reference to correspondence resting with your letter No C-1/2277/55 dated 12-5-1956 on the above subject, I am directed to state that the Law Department which was consulted in the matter has remarked as follows -

> " Kind reference is invited to the provisions of sections 64 to 67 of the Mysore City Municipalities Act 1933 That Octroi is a tax specified in Section 64 is clear According to section 65, a Municipal Council before imposing a tax should by resolution select one or other of the taxes specified in section 64 ~~ex-clause-(L)-of-Section-49~~ and prepare Rules for the purposes of clause(L) of section 49, prescribing the tax selected and in such resolution and in such rules specify the classes of property which the Municipal Council proposes to make liable and any exemptions which it proposes to make and the amount or rate at which the the Municipal Council proposes to assess each such cla It may be noticed that section 49(L) contemplates the making of rules for the levy of any taxes for municipal purposes
>
> If no rules have been made for levy of octroi, the procedure laid down for publication of the rules in clause (b) of section 65 has not been followed Unless rules are made and published as required by Section 65, the Government cannot sanction the levy as section 66 also contemplates sanction of the rules by the Government It may also be noticed that under section 67, the sanctioned rules have to be published and the tax prescribed by the rules can be imposed after the period specified in the said section
>
> "In the circumstances, the proposed sanction to the bye-laws made under section 51(1)(K) will not enable the Municipal Council to levy octroi, and the bye-laws have therefore to be sanctioned after the rules are duly made and are submitted for sanction "

I am to request you to take action accordingly and forward proposals to Government, for sanction, ~~after~~

No 3070

I write to state that in accordance with the instructions received vide your letter cited above, rules were drafted and published in the Mysore Gazette dated 7-6-1956 A copy of the Resolution No 18/30-5-56 of the Municipal Council approving the draft rules is enclosed The provisions of Section 65 of the Mysore City Municipalities Act has therefore been complied with Objections were also invited from the public but none were received within the stipulated time 7-7-56 The draft rules have therefore been confirmed in Resolution No 1 dated 9-7-1956 copy enclosed

The Municipality has thereby observed the necessary formalities for introduction of this new tax The urgent necessity for levy of Octroi was made clear in this office letter No 2277/56 dated 11-5-56 and I am to add that in the natural course this has to be introduced not only to bring this in a level with the administration of other City Municipalities but also mainly to save this Municipality from the financial crisis which is being faced now

P t o

As this forms one of the main sources of income, delay in the levy of this Octroi may bring the administration to a standstill

I therefore request that in view of the dire necessity to augment the slender resources of this Municipality, the Government may kindly be pleased to sanction the rules under section 66 of the Mysore City Municipalities Act as early as possible since the same have to be published again as contemplated under section 67 of the Act

Ref - 1 Your letter Nos 7554 dated 30-7-56
2 and L 9318/55-57 dated 1-8-1956

I write to state that the draft rules and Bye-laws as published in the Mysore Gazette were submitted to you for approval The draft bye-laws were returned with the remarks that they contain some conditions and regulations which are exactly a repetition of the draft rules already published The draft bye-laws were therefore modified as per instructions contained in your letter No 7554/30-7-56 and published again in the Mysore Gazette dated 20-9-56 at page 707, calling for objections, if any, from the public As no objections were received the draft rules were confirmed by the City Municipal Council in its resolution No 11 dated 27-10-56 (copy enclosed) and has also stressed the urgent necessity for the approval by Government in view of the fact that there is a fall in the income to an extent of nearly Rs 2,00,000/- The Municipality is deprived of the income under property tax from Government buildings, vehicle tax from village carts and surcharge on stamp duty due to introduction of Mysore City Municipality The Council has made clear in the above said resolution that the administration would

(P T O)

seen come to a stand still if the approval for octroi rules is delayed in which case it has resolved to request for permission to enhance the rate of tax or to sanction a Government grant of Rs 2,00,000/- to make up the loss of income due to introduction of Mysore Act The council, in the above said resolution, urges that approval for levy of octroi is the most feasible one, as in the case of Davanagere City Municipality and various other Municipalities in the State I therefore request that approval of Government for the Octroi Rules and bye-laws under section 66 (b) (i) of the Mysore City Municipalities Act may be accorded at an early date

Copy of Octroi bye-laws as published in the Mysore Gazette dated 20-9-56 is enclosed for kind orders As regards the octroi rules, it is intimated in your letter no 2 cited above that the modifications if any will be made by Government However a copy of the draft rules as published in the Gazette is also enclosed

In view of the peculiar situation caused by the introduction of the Mysore Act, I request that the sanction of Government under section 66 (b) (i) may kindly be accorded at an early date by treating this subject on top priority basis

(P T O)

COPY OF THE COUNCIL RESOLUTION NO 11 DATED 27-10-56

The revised draft octroi rules and bye-laws are herewith submitted to the Government for favour of immediate approval and sanction Under the Madras set up the income of the Bellary City Municipality was Rs 8 lakhs and as the expenditure was also Rs 8 lakhs there was no difficulty in balancing the budget But after the introduction of the Mysore City Municipalities Act the income of the Municipality has fallen by nearly 2 lakhs of Rupees, because the rates of taxation under the Mysore Act are very much lower than the rates of taxation under the Madras Act, but the expenditure has remained as it was before viz , at 8 lakhs of rupees There are only three ways of making good the loss (1) By the levy and collection of octroi (2) By the enhancement of the rates of taxation under the Mysore Act, ~~figure~~ to be on par with the Madras rates of taxation or (3) By the Government giving an annual recurring grant of nearly 2 lakhs of Rupees The first alternative is the most feasible one, as octroi has been levied and collected in all the other Municipalities in the rest of Mysore State Therefore the Municipalit earnestly requests the Government to kindly sanction the octroi rules and bye-laws and order its collection without any loss of time

If however th octroi rules are not sanctioned the council is apprehensive that the ship of municipal administration will founder ere long on the rock of finance
